

Ontario Municipality Increases Productivity with Notarius

United Counties of Prescott and Russell - ON

Time and productivity savings

Contract signed in a few hours instead of 3 to 4 weeks;

Quick adoption

Signers do not need help signing documents;

360° deployment

Council – Finance – Public works – HR – IT.

Background

In 2018, the United Counties of Prescott and Russell wanted to undertake a digital transformation to improve and streamline their different departmental processes.

“We wanted to avoid systematically printing the documents to be signed, getting them signed and digitizing them, and then destroying the original documents, so we started looking for an electronic signature solution.”

Justin Bromberg, Chief of Staff and Communications Manager

Solution

The municipality has placed its trust in Notarius being a recognized certification authority and an expert in the legal reliability of electronic documents.

Notarius' tools have enabled the United Counties of Prescott and Russell to make their processes 100% digital. They can now:

Create authentic electronic documents

using certified digital identities, CertifiO Digital Signatures;

Send documents to be signed internally and externally

thanks to the ConsignO Cloud electronic signature platform;

Sign documents in batch

thanks to ConsignO Desktop.

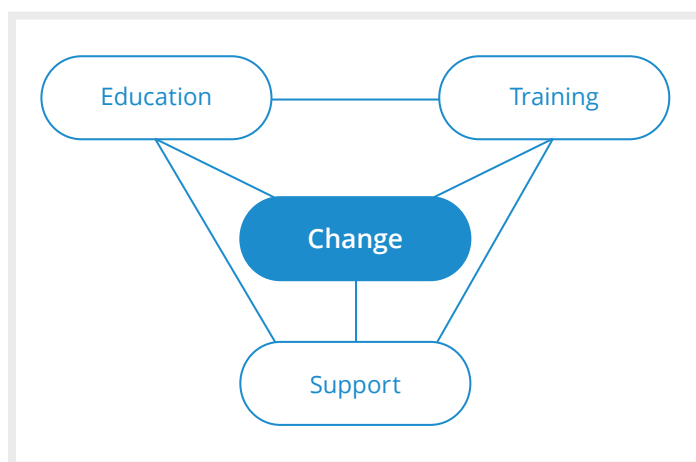

Notarius offered us *global and user-friendly solutions* to allow us to certify that we were the original author of the documents.

**— Marc-André Drouin, IT Manager
- Systems and Services**

Change management

Change is scary, even if the new technology is proven to be more efficient.

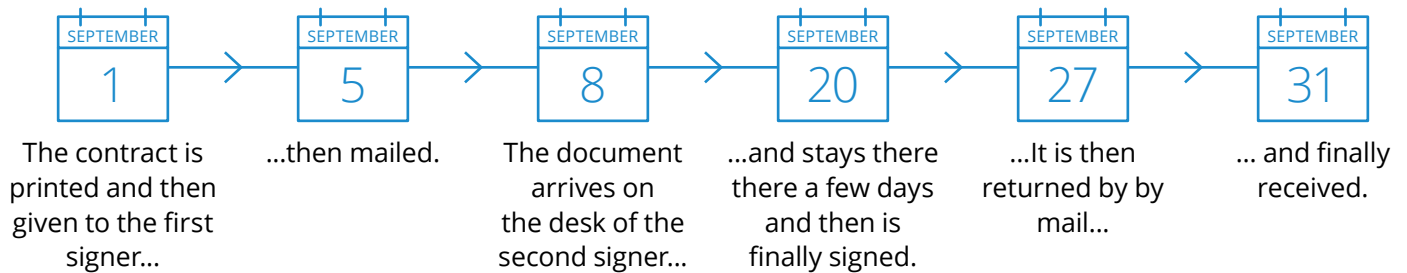

With the support of Notarius, the United Counties of Prescott and Russell were able to sensitize their employees on the benefits of this transition, train them and support them to fully succeed in their digital journey.

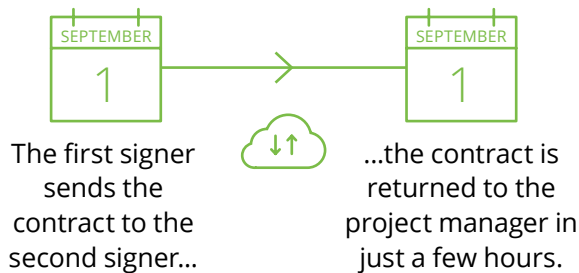

Results

After only one month, Notarius' solutions had already been adopted by several departments at the United Counties of Prescott and Russell.

BEFORE

AFTER

"ConsignO Cloud is just so easy to use. I recently had to sign an important contract for a multimillion-dollar project with a supplier. Four people had to sign the document, two internally and two externally, and the process went extremely well, with no problems or questions."

— Justin Bromberg, Chief of Staff and Communications Manager

Benefits of digital transformation

Information security

Increased productivity

Significant cost savings

Simplified archiving

Quality of documentation

Reduced environmental footprint

Marc-André Drouin's advice for a municipality that wishes to undertake a digital shift

Designate positive key players in your different departments;

See the technological challenge as a change of culture;

Facilitate the transition through progressive integration;

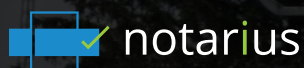

Let the staff members discover the tools at their own rhythm.

Digitally transform your municipality now!
