

# Digital Signature Tools Desktop

DESKTOP SOLUTION

## The most efficient solution to sign your professional documents

Protect your identity and the integrity of your electronic documents by converting all of your paper-based processes to digital ecosystems.

### Digital Signature

Digital signature issued by a professional association or an employer. Certifies the member's identity and professional affiliation.

### Signature Tool

Digital signature software with advanced features and a PDF reader. Allows you sign batches of documents in just a few clicks, and more.

## ✓ Major professional advantages

### Efficiency

Sign batches of documents in only a couple of minutes

### Flexibility

Authenticate documents anywhere, anytime

### Security

Protect your seal and original documents

« Ten years from now, when you go to retrieve an electronic document from your archives that has been signed with an EGBC signature provided by Notarius, you'll know that it's the original, unaltered document and that you can trust it. »

Peter Mitchell, Director of Professional Practice, Standards and Development at EGBC

« It's nice to have that templating ability when you have 20 pages of documents or if you are always authenticating the same type of report over and over again. You can template it and make that quicker. That's a nice feature! »

Daryle Tilroe, Director of Engineering Services, City of Edmonton
